## SITE ENGINEER – CENTRAL SCOTLAND

---

Due to continued growth in workload Ogilvie Construction now have a great opportunity for a Site Engineer to join our Construction team. This position would ideally suit an engineering graduate with 3 – 4 years' experience in site engineering with a major contractor.

---

### THE ROLE:

Reporting to the Senior Engineer you will be responsible for providing excellent site engineering service.

### DUTIES/RESPONSIBILITY:

- Setting out for roads and parking, drainage, building substructure and superstructure, and all related calculations.
- Horizontal and vertical control of structures – all aspects of substructure and superstructure.
- As-built surveys
- The keeping of both written and digital records
- Travel to sites throughout Scotland
- Undertaking professional development when deemed necessary.
- Work closely with Site Management Teams to ensure compliance with construction issue drawings and information.
- Carry out drawing reviews and clash detection with the Site Management Teams.
- Liaise with Customer, Clients & Design Teams to ensure the correct information is available in sufficient time.
- Be aware of construction programmes to ensure setting out is planned in advance.
- Comply with the requirements of the companies quality procedures.
- All other duties as assigned to effectively carry out your role.

### SKILLS/QUALIFICATIONS/EXPERIENCE:

- Ideally possess a degree in Civil Engineering and or qualified in a suitable construction discipline.
- Experienced in both groundworks and superstructure setting out.
- Proficient in the use of a robotic total station (Trimble or equivalent).
- Demonstrated competence in reading and crosschecking drawings both engineering and architectural.
- A sound knowledge of the construction process is essential along with experience in a similar role with a major contractor.
- Experience of Topographic surveying would be an asset but is not essential.
- As-built surveys.
- Experience with AutoCAD (or other Autodesk products) would be an advantage but is not essential.
- Excellent computer literacy in Microsoft Office is essential.
- The candidate needs to demonstrate sufficient abilities to accomplish daily targets on major general construction sites throughout Scotland.

**Full clean driving licence is essential.**

---

Hours of work are 8 am to 5 pm. An attractive salary is offered which will be commensurate with experience. Additional benefits include fully expensed company car, profit share, generous holidays and holiday purchase scheme and contributory group personal pension scheme and life assurance.

CVs should be sent to Laura Henderson, Group HR Associate, [recruitment@ogilvie.co.uk](mailto:recruitment@ogilvie.co.uk)
